Wines by the Glass served by Coravin System

The Coravin Wine Preservation System is designed to pour wine without removing the cork, so the wine will always taste like it has just been opened—even weeks later. The Coravin Needle gently passes through corks without displacing cork material. Once the Needle is removed, the cork simply expands back to its normal shape. As wine is extracted through the needle, it is replaced with pure Argon gas, ensuring oxygen never touches the remaining wine, keeping it as fresh as the day it was bottled.

White	125ml	175ml

<i>Dominio de Pingus, Flor de Pingus, Ribiera del Duero, Spain 2014</i>	21	28
Sweet		
<i>Pelee Island, Icewine, Ontario, Vidal, Canada 2017 (50ml)</i>		16

Wines sold by the glass are in 175ml, unless stated differently. Also available in a 125ml measure.

Az. Agricola Follador Francesco is a winery owned by our family in Italy. It is situated in the village of Valdobbiadene, in the most important and historical part of the appellation. Here our relatives produce the finest Prosecco di Valdobbiadene DOCG, the traditional 'Col Fondo' Testardo, and the iconic and premium Cartizze.

Prosecco di Valdobbiadene

These wines represent the classic Prosecco di Valdobbiadene style: second fermentation done in pressurized tank (Martinotti Method). Elegant perlage and fresh acidity, different level of sugar residual according with the style. Here the bubbles are fine but persistent, elegant fruity character with fresh notes of apple and pears. Those are the perfect aperitif choice.

-Prosecco di Valdobbiadene DOCG Dry - 19 g/l **NV 32**

-Prosecco di Valdobbiadene DOCG Extra Dry - 14 g/l **NV 32**

-Prosecco di Valdobbiadene DOCG Brut - 6.5 g/l **NV 32**

-Prosecco di Valdobbiadene DOCG Zero Dosage - 1.6 g/l **NV 32**

Vino Bianco Frizzante 'Col Fondo' Testardo **NV 32**

Due to a different winemaking technique used, this cannot be labelled as Prosecco. Second fermentation occurs in the bottle and, at the end of it, yeasts will precipitate on the bottom where they will stay in contact with the wine until it is opened and served. This is a traditional winemaking technique used for generation and it is still today our day-to-day choice of drink. The wine is unfiltered, bone-dry with the distinctive notes of apples and hints of bread and biscuits coming from the yeast that are still inside the bottle. Extremely refreshing and easy-drinking.

-Prosecco Di Valdobbiadene DOCG Brut Superiore di Cartizze – 9 g/l **NV 55**

In the village of Valdobbiadene there is the only Cru of the Prosecco Appellation called 'Cartizze.' It is a selection of small vineyards, enclosed in 1 square kilometer, which counts approximately 140 different landowners. The area is

This sub-area is recognized as the qualitative apex of the Prosecco territory because here the microclimate and soil generate a natural oasis for cultivation, favoring the growth of healthy vines and giving Cartizze wines unique qualitative characteristics.

Due to its exclusivity, Cartizze is recognized as a CRU: a specific high-quality selection within a larger area of wine production such as Prosecco.

Rare and unique; these are special bubbles for special occasions.
